

## COMPETITION RESULTS

### MONTHLY GALLERY RIFLE AND PISTOL SHOOT 29 SEPTEMBER 2019

A big thank you to all the East Coast shooters who turned up to shoot this month's gallery rifle and pistol competition. A couple of large puddles greeted us on the pistol range as the morning ground was wet from the heavy rain that washed it the night before. However, the sun came to our rescue and brightened up the rest of the day for us. Fifteen shooters gathered to take part in what was one of the best supported shoots this year. Twenty one entries in total across five disciplines kept everyone busy on the line as the details were non-stop. The course of fire was the Timed and Precision 1 format (T&P1) Thirty rounds shot at three distances of 25mts, 15mts and 10mts with a HPS of 300.030. Many thanks to Mark O'D who took over as Range Officer allowing me to shoot. The results are listed below. Our next monthly gallery rifle and pistol shoot will be held on the 27th October 2019. First detail 10:30. Hopefully the turnout will match this one. Looking forward to seeing you all then.
