

## Competition Results

### Gallery Rifle and Pistol Monthly report 26th January 2020

Our first gallery rifle and pistol competition of 2020 took place on Sunday morning last with thirteen East Coast Shooting Club members turning up on our gallery range. We had twenty two entries across five disciplines. The morning's format was the T&P1 target shot at 25mts, 15mts and 10mts with a HPS of 300.030.

Honours went to Cathal C in the small-bore pistol open sights (SBP) and the OSBP event. With eleven competitors taking part in the small-bore pistol event it was a close fought competition with only one point separating the placing of the first three shooters on the podium. Well done Cathal. Anthony F won the gallery rifle event with Bryan P putting in another good appearance with his M1 Carbine. His score being the highest overall on the day. Great performance Bryan. In the CF Pistol group honours went to Hugh D. Results below.

Our next monthly competition shoot will be on the 23rd February. The shoot will be something new and challenging. It will be shot over four distances 25m, 20m, 15m and 10m with first shots off at 10:30.
